*'til this juncture, was more pure than how it appeared in others' eyes*

*the friendship between Eris and I*

*after completing the curriculum, she now starts on the seat of Victoria, ranked number two in the theatrical party*

*because of her father's pauperized situation, Eris had not received enough schooling, and at the age of 15, to comply to her dancing teacher's application, she forced herself to learn this embarrassing dance*

I... I was  
always  
really good
